Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The uniform success of this remedy has made it the most popular preparation in use for bowel complaints. It is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by Craig & Hocker.

Sixty-two years ago a man named Jones moved from Kentucky to Dade county, Mo., taking with him his family of ten children. A West Ender Remembers His Home Paper While Out West.

SUTHERLAND, MO., June 28.—I left Hustonville the 15th over the C. S. to Cincinnati and from there over the B. & O. S. W. to Sandbaro, Ind., arriving there on Wednesday in time for breakfast. After spending a couple of days pleasantly visiting friends and looking over the beautiful meadows and listening to the many blunders in the wheat fields, which were about being finished and also looking at the little corn, some of it just coming up, late on account of so much wet weather, on Friday morning I left for this place over the B. & O. S. W. to St. Louis and over the M. K. & T. to Sutherland, Mo. I saw lots of water still in St. Louis. I took a drive yesterday of 10 miles with friends, visiting relatives and looking at fine cattle. Saw 50 head of 1,500 pounds that were fat and fine. These were sold at 100 to go July 1st. Of course he loses money. The same party had a herd of short-horn cows, as fine as I ever saw. We weighed one yearling heifer, 1,050 pounds; one cow 1,650 pounds. He also had mules that weighed 1,500 pounds. I will leave this place to-morrow for Knob Noster, Mo. Please send me a paper there for it will be like a letter from home. The farmers here are blue over their prospect for a corn crop. Plenty of fields yet unbroken. Too much rain. But if they should not raise any, they have plenty of pens full left and only worth 40c per bushel. No wheat out here yet. Meadows and pastures fine. Your friend,
J. W. POWELL.

Adj. Gen. Murray is taking active steps to suppress lawlessness at Jackson. He issued stringent orders to the provost guard yesterday to report all arrests to Police Judge Cardwell. The orders state that absolute safety to life and property must be maintained, and if there is any violation of personal or property rights the extreme authority of the commanding officer will be exercised. The Adjutant General has assured Judge Cardwell of the fullest protection, and Cardwell says he will enforce the civil laws of the town with the aid and support of the State. Judge Cardwell has refused the tender of a military guard, saying he feels no alarm as to his safety.

A Diagnosis of Kentucky.

Kentucky's hills are full of rills. And all the rills are lined with stills, And all the stills are full of gills, And all the gills are full of thrills, And all the thrills are full of kills.

You see, the feudists dot the hills, And camp along the little rills, Convenient to the busy stills, And thirsting for the brimming gills, And when the juice his system fills, Each feudist whoops around and kills.

Now, if they'd only stop the stills, They'd cure Kentucky's many ills— Men would be spared to climb the hills, And operate the busy stills.

However, this would mean more gills, And that, of course, would mean more thrills, Resulting in the same old kills.

So all the hills and rills and stills, And all the gills and thrills and kills, Are splendid for the collic mills, And make more undertaker's bills.

Gov. BECKHAM's open letter is a document that any person should be proud to father. It is an exceedingly able effort and proves conclusively that the model young governor is as good with the pen as he is as the State's executive. Concerning the State of affairs in Kentucky he says his powers are limited by the constitution and the statutes, but he has devoted careful thought to the situation and has left nothing undone that would tend to the restoration of law and order. He has no right to declare martial law or remove judges. While expressing confidence in Judge Redwine he urged him to vacate the bench in the Jett White trial and favored the removal of the cases to another county. In replying to criticisms from republican papers at home and abroad, the governor draws a contrast between their attitude at the time of Gov. Goebel's assassination and at present and asserts that the democratic papers are unanimous in condemning the killing of Marcum and are not raising subscriptions to defend his assassins. He compares his pardon record with that of Gov. Bradley and reminds his critics of the disorders in Clay county during Gov. Bradley's term. He states that he has been careful in issuing pardons, and that, while he may have made a few mistakes, he is willing to stand by the record.

THIS is a great coffee drinking country, as appears by the returns of trade. During the 10 months ending in April the total imports of coffee amounted to 782,863,054 pounds, of the value of \$50,609,853, or a little less than 6 1-2 cents a pound. Most of the enormous supply of cheap coffee comes from South and Central America. The total importations from the East Indies and the colonies of the Netherlands (in which are included the imports of Java coffee) amounted in the 10 months to 14,117,391 pounds, of the value of less than 12 cents a pound. Of the Java coffee in these importations there may possibly have been one berry to each inhabitant of the United States. If there be any Mocha at all in the coffee imports it would be hard to find evidences of its existence in the returns of the trade. But what is the difference if our good people drink the Rio and La Guayra and call it Java and Mocha? In matters of this kind the pleasure is as great (if not quite so profitable) in being cheated as in cheating.

NEW JERSEY drew upwards of \$3,000,000 from taxes and charters of trusts last year, but judging from the rapidity with which the trusts are collapsing, the State will soon have to raise revenue in another and more creditable manner.

A MEETING of the democratic State executive committee will be held at Frankfort on Friday, July 3, for the purpose of paying the expenses incurred in the State primary of May 9. It is stated that the money collected from the various candidates will be ample to cover all expenses. It would be a first-rate time for the State central committee to meet and straighten out the muddle in this judicial district. If it expects to take a hand in the matter at all, it is only five months until the election and something should be done at once.

THE democrats will want a good campaign chairman this fall and the INTERIOR JOURNAL rises to nominate Senator James B. McCreary for that important place. No man in the State is better equipped than the Senator and no man would devote more of his time or work harder for democratic success than the grand old Roman of Madison. Who will second our motion?

THIS Oregon editor wants an office and wants it bad. Writing of Roosevelt he says: "In general appearance he very much resembles the great Napoleon, and, had he the opportunity, no doubt would become more famous than Napoleon. He is fast proving to this nation, as well as to the entire civilized world, that he is the greatest statesman the world has ever known."

THE republicans are waiting breathlessly for a statement from Commissioner Joo. W. Yerkes, defining his views on the Kentucky gubernatorial situation. He has so far refrained from publicly committing himself to any one of the three candidates for the nomination. The odds seem to think that Mr. Yerkes is the whole thing and that whoever he is for will win in a walk.

KENTUCKY'S tobacco crop for last year, according to statistics prepared by Agricultural Commissioner Nall, amounted to 190,716,386 pounds. The acreage was 243,702. Graves county led in production with 12,701,700 pounds, Davless coming next with 11,730,750. The smallest crop was in Bell county—549 pounds. Lincoln raised 58,800 pounds of the "weed" on 5,270 acres.

THE Chicago Law Directory, just issued, shows 4,702 attorneys in the city. That is to say that number of men have license to practice law.

THIS AND THAT.

Lightning struck a church at New Concord, O., killed a man and prostrated two other persons.

Fred Von Gruenigan took a car load of fresh milk cows to Louisville yesterday, for which he paid \$30 to \$36.

A. M. Cate, superintendent of a lumber company at Chattanooga, committed suicide on a passenger train near Decatur, Ala. He had deserted his wife and was on his way to Texas with another woman.

Wm. Harder, a farmer residing in Brown county, Ind., was the victim of masked whitecappers, who visited his house and severely beat him. His wife was thrown down and trampled upon when coming to his aid.

POLITICAL.

Rockcastle and Whitley republicans instructed for B. J. Bethurum, of Mt. Vernon, for State Senator.

Friends and admirers of Commonwealth's Attorney Byrd want him to run for judge in the Jackson district.

Senator Marcus A. Hanna presided at the dedication of a new altar for the Salvation Army at Cleveland. He spoke for half an hour and paid a high tribute to the work of the army.

A Richmond dispatch says that John B. Chasault, recently a candidate for State auditor, is being urged to make the race for the democratic nomination for representative in Madison county. If he decides to run he will probably have no opposition in his own party.

When convicted assassins and jail birds are permitted by yellow journals to abuse and vilify the highest officer in the State, through their columns, it is time a curb should be placed on the power of such a press. The cowards who hide behind such criminals to vent their poisonous spleen should also be emoked out and held up for public derision and scorn—Lexington Democrat.

Senators Blackburn and Lindsey, of Kentucky, were once traveling together through the Allegheny mountains. Blackburn went into the smoking car and returned in a few minutes looking so much depressed that Lindsey asked: "What's the matter Joe?" "Why, I've lost the better part of my baggage," said Blackburn in heavy tones. "Was it stolen or did you leave it behind?" "Worse than either—the cork came out."

TURNPIKE CONTRACTS - Persons having contracts to spread gravel or hand broken rock on the turnpikes, are reminded that same must be on the margin of the road in condition to be measured and spread not later than Aug. 15, 1903, or their contracts become null and void.

AN immense crowd attended the burial of Judge Thomas L. Shelton Friday afternoon, attesting to some extent his popularity. Confederate comrades acted as pall bearers and the Odd Fellows officiated at the grave. Rev. O. M. Huey spoke at the home, rather than at the grave, as the funeral notices stated he would.

IN speaking of the INTERIOR JOURNAL, Sunday's Courier Journal says: "It was the first paper to the State to charge Taylor with complicity in the murder of Gov. Goebel and since that time has fought for the conviction of the assassins. Showing that it was not politics, but principles, the paper is now fighting the assassination rule in Breathitt county just as vigorously."

THE month now about to close has been as little like June as May is like December. The temperature has been below the normal every day and on several days it was in the neighborhood of the frost line. Usually the sudden transition from spring to summer, makes June the most debilitating month of the year, but this has been more delightful than the most favored summer resort. It has been good for this fact, but bad for the crops. The seasons generally even up in the course of the year, however, and we may expect to roast during July and August.

THIS following handsome compliment to our splendid townsman appeared in Saturday's Lexington Observer: "Hon. R. C. Warren, of Stanford, is an announced candidate for the democratic nomination for Congress in the Eighth district, and the party could not choose an abler standard-bearer than this distinguished son of old Lincoln, who would soon make himself felt as a leader of men in the halls of Congress and reflect credit alike upon his constituency and his State. Mr. Warren is a brilliant lawyer, a floor orator, a popular gentleman and a democrat, who has ever been found in the front of the firing line, battling for the success of the principles of democracy. If he is nominated, we predict an old-time democratic majority in that district, which for several years past has been considered in the doubtful column."

NEW COURT HOUSE. - The Hustonville correspondent of the Advocate has this to say in regard to a new court house here. "The question of a new court house will soon be agitated in this county. There ought to be but one opinion about this. If anyone will only examine the records, papers, &c. in the county and circuit clerks' offices at Stanford they will be convinced of the necessity of a new building, secure vaults, etc. Many of the records in both offices are damaged to an extent that copies couldn't be made. It has been ascertained, too, that if the valuation of property is kept up to the present figures our rate of taxation will not be increased one cent. Already we have \$25,000 loaned out bearing a similar rate of interest to the bonds falling due in the next few months, which will be applied to their payment when due. Aside from this the old court house is insecure and insufficient for the purposes it was designed. Our county is rich in worldly goods, has a citizenship unexcelled and the finest crop of candidates for the various county offices of any county in this or any other State."

ANOTHER annual settling time is at hand. Get your accounts ready.

GRADED school taxes are due. Please call and pay. W. H. Wearen, treasurer.

LOST - Red Spangle dog - female. Information thankfully received. W. G. Dunn, Stanford.

YOUR account is drawn off and ready for you. July 1st is at hand, so please call and settle. J. R. Beasley.

A COAL OIL lamp exploded in the office of the Weatherford Hotel, Hustonville, about 3 o'clock Sunday morning, and it looked for awhile as if the building would burn. Mine Host J. W. Hoskins worked like a Turk, however, and finally got the flames under control with little damage done.

MATRIMONIAL.

J. C. Newhille, aged 31, and Miss Katie Smith, 14, were made one in McCrackin county.

H. J. Johnson, a London lawyer, and Miss Adelaide Jackson, a belle of that place, were married last week.

Ernest Kyle and Miss Luella Cook rode from Petersburg, Ky., to Lawrenceburg, Ind., horseback and were married. The girl's parents followed but got to Lawrenceburg after the knot was tied.

Fifteen young women in and around Perryville have organized an anti-marriage club. Members of the club declare eternal celibacy, and the by-laws provide that any young woman guilty of receding a beau shall be forthwith expelled and blacklisted by the club.

We have just learned of the marriage of Miss Mary Warren, of this county, to Mr. J. N. Callahan, of Lebanon Junction, which took place in Louisville Wednesday, June 17th. The ceremony was performed by Father Gastaldi. The bride is one of Lincoln's handsome young women and her many friends here extend hearty congratulations.

Says Gen John B. Gordon in Scribner's: "One of these furious leaders of the South declared if we would secede from the Union there would be no war, and if there would be a war we could whip the Yankees with children's popguns." When after the war this same gentleman was addressing an audience, he was asked by an old maimed soldier: "Say, Judge, ain't you the same man that told us before the war that we could whip the Yankees with popguns?" "Yes," replied the witty speaker, "and we could, but confound them, they wouldn't fight us in that way."

THE FORD'S BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A yellow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. The Ford's Black-Draught never fails to benefit diseased liver and weakened kidneys. It acts upon the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by The Ford's Black-Draught the winds of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than The Ford's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901.

I have used The Ford's Black-Draught for three years and I have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

Gov. Beckham has named Friday, July 21, as the date for the execution of Claude O'Brien and Earl Whitney, the murderers of A. R. Chilton, at Lexington. Attorneys for O'Brien and Whitney presented a petition for commutation of sentence, which will be passed upon in a few days.

President Roosevelt's "race suicide" sentiments should find a friendly feeling in the home of Rev. F. L. Creech and wife, of Oakfield, a small village in Harrison county. Rev. Creech and wife are the proud parents of 16 living children, the eldest being only 20 years of age.

There are 13 girls and three boys. The parents have not yet attained their 40th year. Fifteen months ago twins, boy and girl, were born to them. Thursday night Mrs. Creech presented her husband with twin daughters. Eight of the children are auburn-haired and eight are black-haired. All are hale and hearty.

His Last Hope Realized.

In the first opening of Oklahoma to settlers in 1890, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot be pained feel grateful. The reason for bowel disorders being at hand suggests this item.—The Sentinel, Gibson, Mont.
